# About Us

**K-Timber** were established in 1996, have branches in Angola and Vietnam. Starting from logging wood transferred to Vietnam, we expanded exporting to European, American, and Middle Eastern markets.

Our advantage is good price and quality due to long-standing experience, large output and wonderful Angola nature. With more than 20 years of experience in the Angolan wood export industry and supplying large volumes, we are confident in providing high quality African hardwood products at the most competitive prices on the market. We have a good relationship with the Angolan government, making it easy for us to carry out the necessary procedures quickly and accurately.

Not only that, we also contribute to providing jobs and livelihoods to thousands of African farming families through our responsible forestry and logging practices.

Mr Do Sy Hung, CEO of HATC ( K- Timber) chaired the Angola business cooperation conference 2023.

# History

Founded in 1996: Established thanks to Vietnamese forest and agricultural experts who went to Angola to help the government.

Top 10 supplier of raw wood for wood manufacturing enterprises in Vietnam.

Exported the first shipments to the US

Honored by Vietnam Wood Association

Exported wood to the entire global market.

# WHY CHOOSE US?

"As global demand for wood continues to grow, K-TIMBER, a pioneer in responsible forest management and timber harvesting in Angola, has become a leading supplier of African hardwoods worldwide. Committed to providing FAS standard hardwood lines, with more outstanding hardness and color compared to other continents."

## Cost-Effective Excellence

Save 20% compared to wood of the same type on the market

## Exceptional Durability

No warping or cracking due to heat impact. Especially, Padouk and Doussie are among the hardest wood with great durability.

## Variety of Applications

These hardwoods, including Iroko, Sapele, Sipo...exhibit superior durability, providing a solid foundation for a wide range of applications.

## Aesthetic Appeal

Embrace the natural allure of Angola wood, which showcase a captivating array of colors to elevate the overall aesthetics of your product.

## Easy Processing

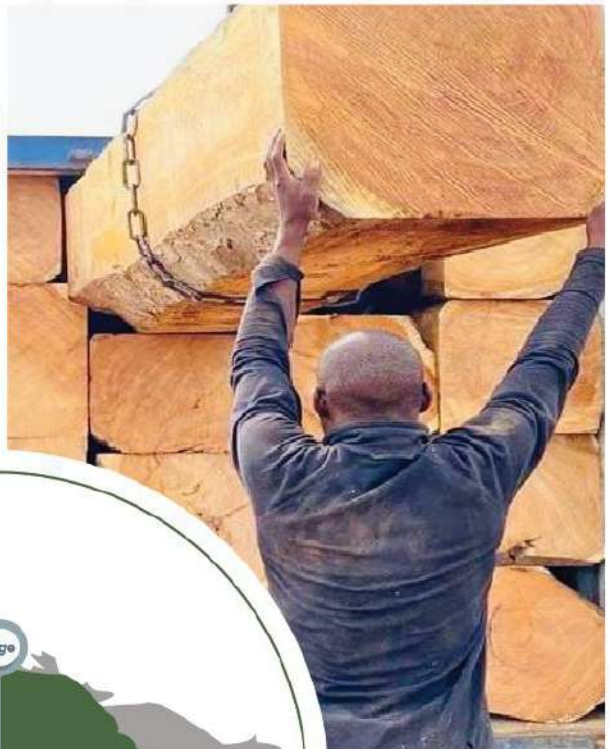

Following the harvest, drying, and fumigation processes, these hardwoods attain stability, making them easy to manipulate into diverse products with precision.

# SAWMILL

Sawmills in 3 provinces: Bengo Angola – Uige – Luanda Norte

# OUR WOOD FACTORY

**Annual output: 100.000 CBM/ year**  
**Machine: Log Cutting, Automatic Wood Block Cutting,...**  
**Worker: More than 100 workers at the Angola factory.**  
**The factory is 7.000 square meter in Luanda, Angola.**

K-Timber focuses on wood output standards.  
We check moisture, size, and stability before loading.
